Dear Families,

As we come to the end of another busy and productive half term, I am delighted to share this latest edition of our newsletter. It offers a snapshot of the many opportunities, achievements and experiences that continue to shape life at Sidmouth College.

This half term has been rich in experiences beyond the classroom. From the theatre visit in Plymouth and the Met Office Climate Camp, to the butchery masterclass and sustainability workshops, it has been fantastic to see students engaging with their learning in such meaningful and memorable ways.

There have also been many opportunities for students to contribute to the wider school community. Events such as the Interhouse bake sales and Red Nose Day fundraising reflect a strong sense of social responsibility, while Student Council work and the recent visit from our local MP highlight the importance of student voice and leadership.

We have also seen excellent success in sport, particularly the U13 netball team becoming East Devon champions, alongside strong performances across other teams. In addition, students have achieved highly in areas such as the Maths Challenge and British Science Week, as well as through careers events, UCAS visits and World of Work experiences which help prepare them for the future.

It has been a pleasure to celebrate individual achievements through Praise Assemblies, Headteacher's Commendations and Kindness Reward Days, recognising not only success but also the values of effort, resilience and kindness.

High-quality learning remains central to all that we do, supported by a strong focus on attendance and engagement. It has been encouraging to see so many students embracing our "Small Steps, Big Success" attendance initiative this term.

This half term also included our recent Ofsted inspection. We are very much looking forward to sharing the report with you next term when it is released.

Thank you, as always, for your continued support. I hope you enjoy reading this newsletter and celebrating the many ways in which our students continue to thrive.

Kind regards,

Alex Evans

Headteacher

Interhouse Fundraising Bake Sales

Throughout March and April, the Student Interhouse Leaders organised a series of bake sales to raise money for Hospicecare. Each of the four houses hosted a sale during break time, offering a variety of sweet treats baked or brought in by students from home.

The events created a friendly competition between the houses while supporting a very worthwhile cause. Well done to the organisers and to everyone who contributed by baking, bringing in or purchasing cakes.

Each house raised an impressive amount:

Raleigh – £75

Scott – £65

Drake – £133

Grenville – £70

A fantastic effort from all houses involved, well done!

Theatre Visit

On Thursday 12th March Mrs Davey, Mrs Dudman and Miss Collins took KS4 and KS5 Drama students to the Theatre Royal in Plymouth to watch a production of 'To Kill a Mockingbird'.

The trip gave students the opportunity to experience a powerful live performance of a classic text.

Students also benefited from seeing how professional actors use staging, movement and vocal performance to communicate meaning, providing valuable inspiration and insight for their own practical and written drama work.

Butchery Masterclass

On Wednesday 1st April, chef Tom Garner from Clinton Devon Estates visited the College to deliver an inspiring butchery masterclass for our GCSE Food and Nutrition students.

During the workshop, Tom demonstrated how to butcher a deer, explaining the techniques involved and sharing his expert advice on the best ways to prepare and cook each cut. Students had the opportunity to observe professional butchery skills up close and learn valuable tips from an experienced chef.

To finish the session, students took part in a tasting of the cuts of meat prepared during the workshop, allowing them to experience the results of the techniques they had learned.

It was a fantastic experience for our aspiring chefs, who left the session with new skills and greater confidence that they can apply in their practical lessons and at home. A big thank you to Tom for giving up his time to work with our students and share his expertise.

U13s Netball

The U13 Sidmouth College netball team travelled to the East Devon U13 Netball Tournament at Cullompton and delivered an outstanding performance throughout the day. The team started strongly with a convincing 12–1 victory against Cullompton, showing excellent teamwork and confidence on court. This was followed by a closely contested 4–4 draw against Uffculme, where the team demonstrated resilience and determination. Sidmouth continued their impressive run with a semi-final win against Kings, securing their place in the final. The final against Colyton proved to be a thrilling and competitive match, but Sidmouth held their nerve to claim a 7–6 victory, becoming East Devon U13 Netball Champions.

There was consistent and confident shooting from Bella, Scarlett, Elsie and Anessia, while Poppy, Beryl and Grace and Lyla showed intense and determined defending throughout the tournament. Tessa and Lydia worked tirelessly through the centre court demonstrating outstanding endurance throughout every match. The whole team worked incredibly hard, supporting one another and giving their all in every game. Their teamwork, determination and effort deservedly earned them the title of East Devon U13 Netball Champions.

U16S Rugby

At the start of March the Under 16s girls took on Colyton Grammar School in two fantastic rugby matches. There were some brilliant tries scored, loads of fun had by all and the games were played in an amazing spirit throughout. The team improved with every phase of play and showed real determination and teamwork. A huge well done to the squad, winning both games was a well-deserved reward for all their hard work!

U12s Netball

The team put in a brilliant performance at the East Devon U12 Netball Tournament at Kings, finishing an impressive 3rd place overall. After a tough opening game against eventual champions Uffculme, the girls bounced back with confident wins over Exmouth and Honiton to reach the semi-finals. A close contest with Kings sent them into the third-place playoff, where they finished strongly with a great win over Colyton.

There were standout performances across the court. Shooting was particularly strong from Matilda, Evelyn and Ophelia, whose accuracy kept the scoreboard ticking. In the centre court, Nola, Isla and Flossie controlled the tempo of the game with energy and determination. Defensively, Luna, Emily and Annabel worked tirelessly to protect the goal, making crucial interceptions and limiting opposition chances. A great display of teamwork and resilience, well done, girls!

Rugby World Cup Festival

Year 8 and 9 girls attended a Women’s Rugby World Cup festival at Exwick this term. Using specialist rugby facilities, the girls took part in a variety of skills and activities throughout the morning, allowing them to apply and further develop their abilities.

In the afternoon, they put these skills into a competitive context, playing T1 rugby against other schools from across Devon. A standout highlight of the day was the opportunity to see the official Women’s Rugby World Cup trophy, which was even bigger than expected and accompanied by its own specialist staff member, complete with white gloves! The girls had a fantastic day, and we look forward to showcasing more rugby next season. As a reminder, the Chiefs Community Coach will continue to run Thursday after-school sessions. These provide a specialist environment for girls in Years 7, 8, and 9 who wish to learn about or further develop their rugby skills.

National Year of Reading - Go All In!

Over the course of this term, we have been participating in a range of activities in conjunction with the National Year of Reading initiative 'Go All In' with the idea being to promote a lifelong love of reading for pleasure. Here is just a flavour of some of the things that have been happening across the college.

At the beginning of February, we celebrated National Storytelling Week with a focus on why people want to tell their stories. Students had the opportunity to discuss and explore autobiographies in Reading Canon sessions, including an extract from 'From Right to Wrong' by Jacob Dunne. The critically acclaimed stage production of this story, 'Punch', is being performed over the Easter break in Plymouth.

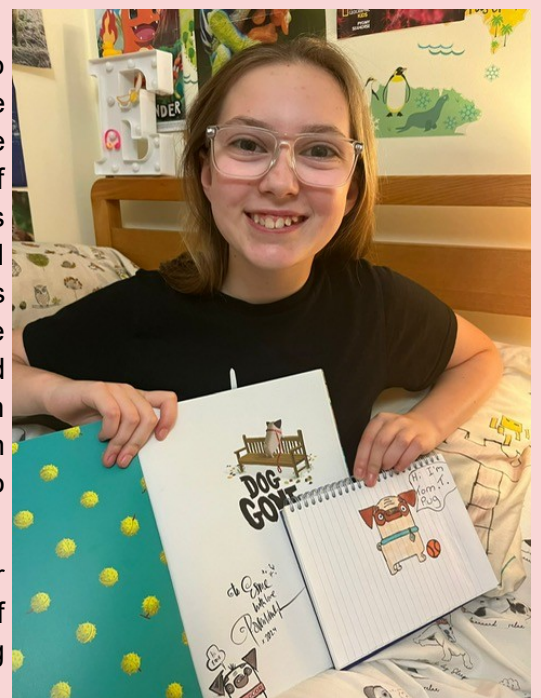

Over February half term and in celebration of Valentine's Day, students were given the opportunity to show their love of reading in a photography competition. Well done to our winner Hal and runners-up Yaroslav and Esme for their fantastic pictures. Hal won a £10 book token for his Harry Potter inspired entry and there were lots of valentine-themed sweets for the runners up too. All students who entered the competition received praise points for their efforts.

In March, we celebrated World Book Day as a college by using tutor time to consider the wellbeing benefits of reading for pleasure. Students spent time considering how reading can be beneficial to their mental health and found out that just 6 minutes of reading per day can reduce their stress levels by 60%! They also took time to consider how they can fit reading into their other interests and daily lives, and made book recommendations to one another.

We also continued to celebrate the successes of students on the Sparx Reader program in English with the top students in years 7-9 being invited for 'cake and a cuppa' in the library with Miss Carnell as a reward for their efforts. There will be more exciting prizes for future Sparx Reader winners to come, so keep an eye on the league tables and keep participating.

Finally, our daily Reading Canon offer continues to go from strength to strength. A recent survey found that 62.8% of students felt that the Reading Canon has given them the opportunity to experience some types of books that they might not have read before and more than half of students also understood why we read daily and how it benefits them. However, from the feedback it was also clear that students would like to have more input in the book choices. In response to this feedback, Mrs Dudman, our Literacy Lead, was able to secure some funding for a new set of Reading Canon books for our Year 10s and students in Years 9 and 10 were given the opportunity to vote for which book they would like us to purchase. The winner was 'The Woman in Black' by Susan Hill and all Year 10 students will have the opportunity to read this book next in their Reading Canon sessions.

If you are interested in finding out more about how you can support your young person by encouraging reading at home, there is a wealth of resources for parents and carers on the National Year of Reading website: [National Year of Reading 2026](#) | [National Literacy Trust](#).

Richard Foord MP Student Council Meeting

On Tuesday 17th February our local MP agreed to visit Sidmouth College and answer a series of thoughtfully considered questions from some highly committed Student Council members who attended school during half term. Richard spent an hour with us carefully answering questions which ranged from business rates, transport issues and potholes to the increasing issue of young people not being able to access face to face activities which would make them less dependent on technology.

Thank you so much for giving up your time Richard and for really listening to our concerns and for agreeing to support Devon Youth Council in their negotiations with Stagecoach in early March.

Met Office Climate Camp

On Wednesday 11th March, three Year 8 students attended Climate Camp, a day designed to introduce young people to the work and careers involved in climate science at the Met Office and around the world. The event also gave students the opportunity to support the Met Office in developing educational outreach resources to help students and teachers learn more about climate change.

The day began with an introduction from Met Office staff and a tour of the building. This was followed by a discussion panel from a variety of employees who spoke to the students about what they studied in school and how they got into a career at the Met Office. Students also met with Meteorologists and were shown the equipment used to measure the weather including rain funnels and Barometers.

The day finished with a Q&A session from the team. It was an engaging and informative day and the students thoroughly enjoyed the experience.

Art Workshop

On Thursday 5th March Mrs Bennett worked with our Year 10 Art students on a creative workshop exploring coastal texture in painting. Using photographs of the sea as inspiration, students experimented with different techniques to recreate the movement, colours and textures of coastal landscapes.

The students produced some fantastic coastal scenes, and their work is already looking incredibly impressive. Well done to everyone involved!

Small Steps, Big Success Attendance Challenge

This term, we launched our “Small Steps, Big Success” Attendance Challenge, highlighting how every day in school helps students grow academically, socially and emotionally.

Students who achieved 100% attendance were entered into a prize draw each day, giving them the chance to win a range of rewards throughout the challenge. Prizes included chocolate treats, Costa vouchers, free lunch tokens, a fast pass and a £10 Lidl voucher.

Congratulations to all of our winners this half term for their fantastic commitment to attending school, your effort and dedication are something to be proud of!

Lifesaving Skills

On Monday 16th March, a group of students took part in an exciting session with Sidmouth Surf Lifesaving Club. After walking down to the beach first thing in the morning, they spent the day in the sea practising their surfing and lifesaving skills.

After all their hard work, the students enjoyed a well-deserved hot pasty for lunch from Chunk of Devon. It was a fantastic day in which students developed important lifesaving skills while having plenty of fun along the way.

Down Syndrome Day

On Friday 20th March we also recognised Down Syndrome Day which takes place on Saturday 21st March. Students wore odd socks to spark conversations about diversity, inclusion, and the 21st chromosome. Under an electron microscope chromosomes can resemble brightly coloured socks and the significance of wearing mismatching ones is that “We are all the same, just different”.

Food Technology

Huge congratulations to Student Jess for placing 2nd in the District Round of the Rotary Young Chef Competition at the South West Peninsula Festival of Youth!

Jess previously achieved 1st place in both the Local and Area Finals, earning her spot among the district's top young chefs, competing against schools including Kingsley Independent School, Dawlish College, Treviglas Academy, Falmouth School, and Bideford College.

Her dishes were of an exceptional standard, and we are incredibly proud of her achievement.

Well done Jess!

Pride of Sidmouth College *(written by Mrs Davey)*

My favourite quote about leadership says: "Leadership is ultimately about creating a way for people to contribute to making something extraordinary happen." Olivia embodies this perfectly. She is an extraordinary leader whose light shines brightly, not through ego, but through her natural ability to inspire others with kindness and simplicity. Olivia never seeks praise; she simply follows her strong moral compass and gets things done with remarkable style.

Her initiative began with a simple idea: a gifting tree so that no local child would wake up on Christmas Day without a present to open. From that idea, a plan quickly formed. A tree was set up in Sidmouth Library and over one weekend Olivia created 90 beautifully crafted tags, each with clear instructions and thoughtful care. The tags were hung on the tree and gifts soon followed. Each present was delivered to the library with a tag attached, ready to be distributed to young people in Sidmouth and on Bramble Ward at the RD&E.

Mike Goodman from the Rotary Club said: "I just cannot believe what we achieved. I've raised money for charities for many years, but this was the best because it involved so many people and organisations. The real highlight was the young people and their passion for helping others. Olivia's idea and delivery were fabulous, she is a real credit to the school."

Olivia, on behalf of Sidmouth College, we are incredibly proud to have you represent us so wonderfully.

Headteacher's Commendations

On the final day of term, Mr Evans awarded two students with Headteacher's Commendations in recognition of their achievements above and beyond expectations. These commendations celebrate students who demonstrate exceptional commitment, perseverance and success in their pursuits.

Congratulations to siblings Edward and Bronwyn for their outstanding success in swimming. Through their hard work, determination and consistent training, they have achieved impressive results in competitions and have proudly represented the region. Their dedication to their sport is truly commendable and their achievements have made the school community very proud.

Praise Awards

On Thursday 2nd April we delivered our Easter Praise Assemblies. Recognising our students' incredible achievements is always a complete honour. In these assemblies we recognise the Top 3 Achievers in each House and they are as follows:

Scott: Bronze – Christeen J
Silver – Rosie E
Gold – Henry L

Raleigh: Bronze – Siena M
Silver – Cerys R
Gold – Brody B

Drake: Bronze - Mckenzie C
Silver – Oly R
Gold – Caleb T

Grenville: Bronze – Emme W
Silver – Clara S
Gold - Esme A

British Science Week

This half term, we celebrated British Science Week. British Science Week is a ten-day celebration of science, technology, engineering and mathematics (STEM), which took place between 6–15 March 2026. The theme this year was ‘Curiosity’.

In school, students took part in a variety of exciting activities during their lessons to celebrate British Science Week and explore what they are curious about. Mr Marshall’s Year 7 class worked in groups and were given a selection of mystery items, representing a different field of science. Their challenge was to investigate the objects, discuss their ideas and work together to identify which area of science each set related to. Students were then invited to create their own mystery boxes at home and bring them in as part of an Inter-house competition.

UCAS Convention

On Tuesday 17th March, Mrs Burroughs took a group of Sixth Form students to Westpoint Arena to attend UCAS Discovery 2026. The event brings together universities, employers and expert advisers, giving students the chance to explore both university applications and apprenticeship opportunities, all in one place.

With representatives from over 100 institutions and organisations, students were able to ask questions, gather prospectuses and get clear advice about their next steps after Sixth Form.

Maths Challenge

Last half term, students in Years 9, 10 and 11 took part in the UKMT Intermediate Maths Challenge. The results came in this half term and we are incredibly proud of how well everyone performed.

Many students achieved Bronze and Silver awards, a fantastic achievement and a reflection of their hard work and problem-solving skills. Special congratulations go to Bryn in Year 10, who achieved a Gold award, an outstanding result! Well done to all the students who took part.

World of Work

On Wednesday 4th March, our Year 7 students spent the afternoon off timetable to take part in an engaging World of Work session. This was the first opportunity for the year group to network with a range of employers and learn about different career pathways.

During the session, our visiting employers shared valuable insights into their roles, including what their day-to-day work involves, the qualifications and training required, potential career routes, and salary expectations. Students had the chance to ask questions, explore different industries, and begin thinking about their own future aspirations.

We would like to thank our amazing employers for supporting this event Ashley Leeds, Ellen England, Vicky Allen, Jane Corey, Chris Hodgson, Lindsay Dell, Denese Molyneux, Ben Carter, Charlotte Molyneux, Jessica Prosser, Edward Blackmore and Margaret Gilmour.

Red Nose Day

On Thursday 29th March, the Sixth Form Leadership team, Student Heads of House and members of the Student Council collaborated to organise an action packed, high octane Staff vs Students Dodgeball match for Red Nose Day,

Students were invited to take part by playing in a team or spectating, with a £1 donation to support Red Nose Day and Comic Relief. Over £100 was raised and a great time had by all!

Well done to everyone who took part and helped make the event a success.

Student Heads of House Voting

This half term, our Year 10 students have been actively involved in the election process for Student Heads of House. As part of the process, candidates created their own manifestos, presented their ideas to their Houses during assemblies and took part in interviews with Heads of House and the Leadership Team.

Becoming a Student Head of House is a fantastic opportunity for students to represent the College while developing valuable leadership, communication and organisational skills.

Voting took place during the penultimate week of term, giving students the chance to exercise their democratic rights within the school community and experience what participating in an election is like. The successful candidates were announced during the end-of-term assemblies. We look forward to sharing a full story about our new Student Heads of House next term.

Iceland Trip Departs

On the last day of term, Mr Sullivan, Mrs Whitworth and Mrs Cox, along with nineteen Year 12 and 13 Geography students, departed from Sidmouth College in the early hours of the morning, heading for Gatwick Airport and then on to Iceland. They arrived at the airport in good time, wrapped up in their winter thermals and ready to explore.

Their itinerary includes the Golden Circle tour, the Secret Lagoon Spa, the Strokkur Geyser, Pingvellir National Park and Seljalandsfoss waterfall, just to name a few highlights. A full write-up will appear in next term's newsletter, and we cannot wait to hear all about the trip.

Parent Forum

It was wonderful to see so many families join us at the Year 11 Revision Forum on Wednesday 1st April.

Thank you to everyone who attended and contributed to the discussion. We hope parents found the session helpful in supporting students as they prepare for their upcoming exams.

We look forward to continuing these forums throughout the year. Please stay tuned for further updates and details about future forums.

BTEC Results Day

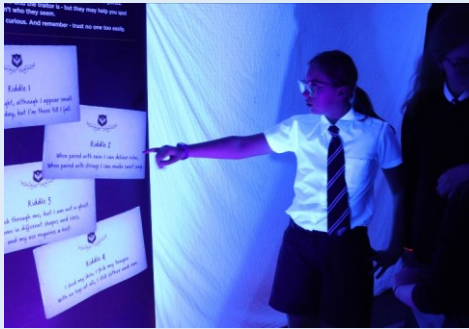

On Thursday 19th March the Year 12 and 13 BTEC Sport and BTEC Health & Social Care students received their first set of formal examination results. We are pleased to share that in both subjects there were many students achieving merits and distinctions. A fantastic achievement and a testament to their resilience and hard work. Congratulations to them all!

Kindness Reward Days

On Wednesday 25th and Thursday 26th March, the top 30 students in years 7-10 who earned the highest number of Kindness Points this term were invited to take part in a special Kindness Reward Day. The day was hosted by The Big Step, who delivered exciting escape-room style challenges for students in school.

Working in their year groups, students were presented with a locked chest filled with clues, riddles and padlocks. By solving each puzzle and cracking the codes, they worked together to unlock the chest and complete the challenge.

Students had a fantastic time and showed great teamwork and problem-solving skills throughout the activities. It was a wonderful way to celebrate and reward the kindness they have shown to others this term.

Junior Chef Academy

Congratulations to Year 9 student Charlotte, who has successfully graduated from the Junior Chef Academy after completing a 10-week culinary course. Throughout the programme, Charlotte developed a range of cooking skills and gained valuable experience in preparing and presenting dishes in a professional kitchen environment.

On Thursday 26th March, Charlotte attended a special graduation ceremony at the Britannia Royal Naval College. As part of the event, the students prepared and served an impressive five-course meal for guests, showcasing the skills and techniques they had learned during the course. Following the meal, students were presented with awards and certificates to recognise their hard work and dedication over the past 10 weeks. Well done to Charlotte on this fantastic achievement.

Empowering Girls Event

On Tuesday 24th March, Mrs Young took a group of Year 9 girls to Exeter University to attend an Empowering Girls workshop led by Judy Salmon. During the session, students explored what confidence means and learned practical techniques to help build and maintain their confidence in the future.

The workshop also gave students the opportunity to interact with students from other schools, helping them develop their communication skills in a new environment. One particularly valuable activity was a handshaking exercise, which helped students practise making a positive first impression when meeting new people.

Overall, the students found the event both fun and engaging and it provided them with useful skills to support their confidence moving forward.

Year 8 Easter Bake-Off

On Friday 27th March, Mrs Reeve hosted a Year 8 Cupcake Bake Off competition, which was open to all students in Year 8. The theme for this year's event was 'Easter' and students certainly rose to the challenge! The entries were incredibly creative, with a wonderful variety of colours, decorations and imaginative designs. The standard was extremely high, making it very difficult for the judges to select a top three.

After much careful tasting and deliberation, congratulations go to Elena who won the Most Creative Design award, Leafy for the Best Tasting Cupcake and McKenzie who was awarded Best Technically Skilled Cupcake. Each winner demonstrated fantastic effort, creativity and baking ability.

It was lovely to see so many students getting involved, showing enthusiasm and creativity and enjoying the opportunity to share their baking talents with others. A big well done to everyone who took part and thank you to Mrs Reeve for organising such a fun and successful event!

New Netball Kits

This term, our Sidmouth College representative netball teams are proudly wearing brand-new kits. The kits were generously sponsored by two local businesses: Alastair and Andrianna Franks from Oakdown Holiday Park and Kenny Huxley, Painter and Decorator.

On Wednesday 1st April, both sponsors visited the College to meet the students who will be representing the school in the new kits.

It was a great opportunity for the players to thank them in person and share their appreciation for the support.

We would like to extend a sincere thank you to Alastair Franks, Andrianna Franks and Kenny Huxley for their generous sponsorship and continued support of sport at Sidmouth College.

Year 10 Performing Arts

The Year 10 Performing Arts class performed their version of Too Much Punch For Judy to a delighted audience of family and our local Community Police Officers this half term. The performance was the results of three months of focussed rehearsal and even giving up a day of their February Half Term.

Feedback from the audience was effusive and demonstrated the impact the students had made on them, "I felt that the crew and cast were exceptionally well rehearsed and the performance was smooth throughout, with dialogue flowing and scene transitions equally seamless.

The actors were convincing in their roles and showed great sensitivity with the characters they were playing, particularly as the characters were in this instance real people. The lighting and sound was excellent in that it blended into the play thoughtfully, adding nuance and emotional emphasis where needed without being showy."

Well done Year 10 Performing Arts!

Year 11 Photo

On Friday 20th March Year 11 students came together for their last ever official photograph as a cohort and they all looked very smart.

The photo was taken by Tempest photography and is available for families to buy.

An email will be sent soon to Year 11 families, so keep an eye on your inbox for an email from the college with a link to order.

Cheerleading Champions

On Saturday 28th March the Sidmouth College Cheerleading team competed at the South West Cheerleading Championships, held at the Riviera Centre in Torquay.

The team did an incredibly, finishing in 1st place in the South West Schools Division. An amazing achievement.

Well done to Kiana, Tessa, Mary-Bess Ashlee, Lyla, Ella, Edie, Bethany, Nola, Evie, Poppy, Emily, Chloe, Scarlett, Ava, Florence, Phoebe, Sienna, Tilly, Mailea, Megan, Megan, Imogen, Emily, Flossie, India and Paige.

Seadream Education Workshop

On Wednesday 1st April, Seadream Education visited the College to deliver a workshop for all Year 7 students focused on sustainability. The session explored different types of renewable energy and gave students the opportunity to take part in hands-on experiments with solar energy, wind power, and other forms of sustainable energy.

The workshop was both fun and informative, helping students understand the importance of protecting our environment. It also encouraged them to think about practical ways they can make a positive impact in their everyday lives.
