

KS3 Percentage Assessment – Subject Information

Department: French

Year 7

1. Introduction: How are students assessed?

In Week 3 we test recent vocabulary or a new grammar point and in Week 6 of run summative assessment which tests recent and older language. We test a mixture of receptive skills -that is recognising both the spoken and the written word, and productive skills, where students are asked to produce a piece of writing based on recent work. All assessments are completed in class in test conditions although some written pieces- are completed with open books.

2. What areas are students assessed in?

The topics which we assess are: -

Autumn

Meeting and greeting people

Describing people and objects

Spring

Describing our families

Expressing opinions on our school day

Summer

Describing our town and what you can do there

Holidays

These topics prepare students for the three strands of the AQA GCSE course in French.

Receptive skills include listening comprehension, vocabulary recognition, reading comprehension and translation into English.

Productive skills include spelling tests in French, short written paragraphs, transcription of the spoken word into French and translations into French.

Speaking is assessed informally through lesson activities.

3. How will students track their progress?

All completed test papers are stored inside a pupil's tracker folder. This shows their percentage in each assessment as well as their average score for each half term.

Following each assessment, students will be provided with written feedback and a chance to reflect on their performance.
