Welcome to the Spring edition of the College newsletter, and a particular welcome to readers who may be new to our regular College publication. Within this edition, I hope that you will get a sense of the energy, achievement, success and sheer fun that we have had both in and out of the College over the course of the Spring Term. So, before you get your heads into holiday mode and get packed ready to head off to the coast or to meet up with family and friends, settle yourselves down with a hot cross bun and a cup of tea and join us in catching up with the goings on across the College community.

All of our students are currently at different stages within their educational journey through the College. Our Yr. 11 cohort are currently preparing for their GCSE examinations. Their time has gone so quickly! Having reflected on this I decided to approach one of our Yr. 11 students and asked them to capture their perception on

'What Sidmouth College has meant to them'.

"From the day I started Sidmouth College, I have been greeted by warm smiles and positive vibes throughout the day, each day, and every day. Academically, I have felt strongly supported and challenged by my subject teachers and tutors, this has been through class work, coursework, intervention and dare I say it, homework! I am very proud of what I have achieved (and the skills I have developed) at Sidmouth College through extra-curricular activities and other events in school. I am an avid sportsman who has participated in a whole array of competitions at different levels year after year be it Ten Tors, House Matches or Inter-School events. The opportunities provided to my peers and I have opened up many new doors for us to experience, which I know will benefit me greatly in the future. However, sporting activities are not the only thing available to take part in. I have been appointed as Head of House, taken part in Open Day speeches and been involved in the annual UK Mathematics Challenge. I take pride in calling Sidmouth College my school, so much so that I am staying to further my studies in the School's Sixth Form after I have finished this gruelling year! The guidance I have received during Year 11 has really helped to prepare me for my GCSE's that are fast approaching! Overall, Sidmouth College has helped me to become who I am today, by supporting me throughout the years and I know I will have many fond memories when I look back at the journey I have taken" Toby Garrick Yr. 11 Scott

As Principal, I am incredibly proud of the support, opportunities and experiences we provide all our students. In return, we expect our students to have high expectations, be resilient, display a positive attitude to learning and strive to be the best they can be. The above student's perception captures the opportunities that are open to all. My advice to each one of our fantastic students is to grasp them. Make your time in School the best years of your life and challenge yourself to achieve beyond your potential.

For some, the coming holiday will undoubtedly involve revision, coursework completion and preparation for the Summer term — essential time for them to get set up for a successful examination experience in May and June. They will find Easter a challenging time when focus, resilience and determination become more important than even chocolate. Please give all our talented learners your support and help them balance work and play!

Holland and Belgium

On Thursday 9th February Miss Hext, Mrs Hurley and Mrs Liddle took over 30 students from years 11, 12 and 13 to Holland and Belgium as part of their GCSE and A Level Philosophy and Ethics course. The trip included visits to many sites in Holland and Belgium associated with the First and Second World Wars and gave students an eye opening and unforgettable experience. Year 13 student reports on the highlights of the trip below...

"I was blown away during my visit to the Second World War memorial sites. We had a brilliant and experienced tour guide, Bruce, who made the History come alive for us all! The visit to the concentration camp Vught was unforgettable. It was built as a labour camp, although it was the site of many deaths with a fully operational crematorium. Everyone was stunned to silence by the impact of the tour.

three students had the opportunity to lay a wreath during the past post ceremony at the Menin Gate in Ypres, a memorial to those killed in the first world war who have no known grave. Students were honoured to represent Sidmouth College and be a central part the ceremony, it was very emotional.

The trip was one we will never forget, everyone had a fantastic time, and many of the year 12s are hoping to go again next year!"

Head of Humanities, Miss Hext, commented that students were a pleasure to be with throughout and that the trip helped students to learn important lessons from history about prejudice, war and genocide. To see a full gallery of pictures and a video diary from the Holland and Belgium trip visit our facebook page at www.facebook.co.uk/sidmouthcollege.

Skiing in Italy

Over half term Mr Williams, Mr Dudley, Mr Quinlan, Mrs Omand and Mrs Charlesworth took students to Prato Nevoso in Italy on a skiing trip. One of Piedmont's most advanced

ski resorts, with slopes ranging from gentle nursery ones to more challenging terrain, it gave students of all abilities the chance to get to grips with skiing. The resort also included a floodlit snow park with half pipes and a fun park that the students loved using across the week. Students took part in skiing lessons for 5 hours each day with instructors, which meant their skiing really improved during the week. Competitions were held and many students won awards for skiing on high difficulty red and black runs by day 3. During the evenings students had the opportunity to take part in night skiing, snow tubing and a bit of rest and relaxation with a pizza and movie night! Staff said students were perfectly behaved, hard working on the slopes and a joy to be around throughout.

SCA Easter Egg Raffle

In the run up to Easter every year the Sidmouth College Association (SCA) organise an Easter egg raffle for staff and students to take part in. The raffle prizes are donated by staff and teachers and this year there were a record breaking total of 60 to be won!

Students had the opportunity to purchase raffle tickets in school and could buy as many as they liked to increase their chances of winning. SCA member Emma Gray and a selection of year 7 helpers sold tickets over the 2 weeks in the hall, equipped with Bunny ears and tails to draw the crowds! The draw took place on the penultimate day of term and the winning names were announced this morning.

Overall the SCA raised over £120 and those lucky students were delighted with their eggs! Thank you to all who donated eggs into the raffle, the students who helped sell tickets and to the SCA for their hard work and effort in organising this and other events this term.

SCA Quiz

On Friday 24th February the Sidmouth College Association (SCA) held a fundraising quiz night in the College Hall. There was a fantastic turnout with over 110 people attending, including teams of staff, parents and local quizzers!

In total the SCA raised a fantastic £1,150 which will go towards funding resources and equipment for students at the College, as well as paying for experiences for students such as the Fun day, which took place at the end of last year.

If you are a parent and are interested in joining the SCA or helping out at any upcoming fundraisers, please contact SCA Chairman Dominick Horrell on:

dominickhorrell@aol.com

David Joins Youth Parliament

Congratulations to Year 11 Student David Luxon who this term was voted to represent Mid and East Devon as a member of Youth Parliament. David was voted for by students across the area and will now take part in regular meetings held at County Hall in Exeter, along with other members from across the County. David will be presenting his manifesto at the first meeting and has said he would most like to implement affordable and accessible public transport for young people and also to set up a service to educate young people on preparing for the next steps in life after education. The College are very proud of David and wish him the best of luck in his new political career!

Thelma Hulbert Gallery Visit

On Thursday 23rd February Art students from Year 10 participated in a workshop with artist Keith Stott at the Thelma Hulbert Gallery in Honiton. All students completed a lovely piece of pastel work in the artist's style that will contribute to their portfolio of work in their new project 'Coasts'. Student's had an exciting afternoon and represented the College brilliantly!

English Schools Cross Country Championship

Josh Miller, Kate Marriott and Toby Garrick took part in the English Schools Cross Country Championships in Norwich, Norfolk this month. After over 10 hours travelling there, due to a mechanical issue with the coach, they managed to shake off the tired legs and finish in 196th and 244th respectively, on a very flat course. The two athletes were very proud to finish 4th and 6th in their Devon team. This event followed the Inter-County Club Championships, held in Loughborough, on 11th March. Again, it was another long trip up, with an extremely challenging course with lots of mud and hills. Both runners were at the bottom of their age group, and were very nervous to be competing with over 350 runners per race. The day was successful with Kate finishing 2nd in the Devon team and 202nd overall, whilst Toby got pipped on a sprint finish to finish 4th in the Devon team and 192nd in the testing field. They are very pleased the cross country season is now over which means no more mud, sweat or hills but the track season is soon looming.

U15 Netball Tournament

On Wednesday 1st March the under 15 girls' Netball Team went to Kings to take part in the East Devon Netball Tournament. The girls played exceptionally well and won all their matches taking them through to the final against Colyton Grammar. The final was very close with both teams on top form, sadly for us Colyton took some great shots and won the game. PE staff were impressed with the team and commended their teamwork and skills throughout the evening. Well done girls!

Schools Show Jumping

Congratulations to Charly Hosking who competed in the Schools' show jumping competition in Wales in March. Charly competed with her 2 ponies and impressively placed 2nd, 4th, 7th and 8th across the day on different courses, many with less than a second between placings. Well done Charly!

Sidmouth Hockey Success

Congratulations to College students Harvey Charlesworth, Josh Miller, Freddie Crouch, Max Ward, Alfie Hall, Soren Hall and Jack Cload who on Saturday 4th March represented Sidmouth & Ottery U14 Hockey Club at the Devon finals. They played brilliantly and made it all the way to the finals against Plymouth, finishing in 2nd place overall and each receiving Silver medals. Well done to them all!

Devon U15 Cricket

The under 15 girls played in the Devon girls' cricket final on Monday 13th March. They previously won the East Devon round in January, where they beat Exmouth and Honiton. In the finals they beat Hele and Bideford and narrowly missed victory against South Dartmoor, who took the title of champions. They played exceptionally well throughout the tournament and were a great team. Well done girls!

Year 8 Impact Day

Year 8 students were off timetable on Monday 13th March to take part in a roundabout of workshops as part of their impact day. During the day students met with members of the Devon and Somerset Fire Service to discuss arson awareness. They also watched a short film about tackling homophobia and followed this up with an interactive workshop. Students also completed a first aid and CPR training session with our own first aid coordinator Mrs Harris, which taught them how to correctly give CPR.

Elliot secures competitive place at Northcott

You may have seen Year 10 Elliot Wright on stage as Jumpy in the latest Sidmouth Youth Theatre production 'Happy Days'. Now the talented drama student has secured a place this summer at the Northcott Theatre Summer School. After submitting a CV explaining what he liked about drama, he was offered a place in this highly sought after drama opportunity. During the summer he will take part in workshops to build on his acting skills, meet with professionals and perform to an audience at the end of the week. This is a great achievement and an opportunity that any young actor would be thrilled to have. Well done Elliott!

Wear a hat day!

On the last day of term students fundraised for Brain Tumour Research with a non uniform/wear a hat day! As a College we were more than happy to raise funds and awareness for the charity after one of our own students, Charlotte, was diagnosed with a Brain Tumour in 2015. Charlotte has been an inspiration since her diagnosis, undergoing treatment and setting up her own following called '#CharlottesArmy' which has aimed to raise awareness for Brain Tumour Research. Charlotte set up a just giving page with a goal is to raise £19,180, which would sponsor a week of Brain Tumour Research at Plymouth University. So far she has raised a brilliant £3,404. Today the College raised £780 which will go towards her total! To donate to Charlotte's cause, or to follow #CharlottesArmy follow these links:

<https://www.justgiving.com/fundraising/Angela-Reid11>

<https://www.facebook.com/CharlottesArmyBrainTumourWarrior>

DECHOX!

This term Mrs Gill and many of her Raleigh House student supporters took part in a chocolate detox (DECHOX) to raise money for the British Heart Foundation. Mrs Gill is well known in school for being a self confessed chocoholic, so this really was a big challenge to go without any chocolate for 31 days!

Today is Mrs Gill's final day of the challenge and she has raised a fantastic £500 for a great cause. We're sure she'll be making up for lost time over Easter! Well done to Mrs Gill, George Corbin, James Allen, Alex Bennett, Joe Norris, Courtney Hollingworth, Chelsea Hollingworth, Abi Hext, Molly Isaac and Hayley Taylor. Visit <http://ow.ly/w2R130a4cU7> to donate.

Parliament Trip

Year 12 History Students had an exciting trip to London this term to visit the Imperial War Museum and the Houses of Parliament. In the morning the visit to the Imperial War Museum allowed them to investigate some of the exhibitions, which included the First World War Exhibit, and the world famous Holocaust

Exhibition. Later, at the Houses of Parliament, students had a tour and were able to explore the building, as well as meeting local MP Hugo Swire, who discussed his role in parliament and his own policies with them. They were also able to ask their own questions and speak to other staff members at The Houses of Parliament. A great experience for our young Historians!

A*s all round for Drama Students

A level drama students celebrated their success in a piece entitled 'Divide-DID'. The students had spent over 50 hours devising an original piece of Documentary theatre based on the condition Dissociative Identity Disorder (DID), also known as Multiple Identity Disorder. Docu-theatre seeks to inform and entertain an audience about a subject they may know little about. It uses narration, facts and direct quotes from victims and perpetrators to tell real stories about real events. With increasing numbers of people being diagnosed with 'DID' each year, the

condition has affected millions of people, with cases being documented from as early as the 17th Century. The drama studio was transformed and projections created the backdrop as many of the audience were shocked by the real stories of people who live with the condition.

The external examiner was impressed by the inventive creativity in the piece. Adding that the stagecraft was effective and the overall performance was informative for the audience. Well done to Callum Burns, Vicky Wyant, Dottie Holland, Libby Parkes and Jasmine Bartlett.

Drama student Jack Wilson Yr 10 plays role in Music Video

Budding actor Jack Wilson in year 10 had the exciting opportunity to act in a music video this term. He describes his experience below...

'I recently applied to a casting call for a lead actor in a music video. The music video was called "Glassy Sheep" which was a short film intended for an extended version of a massive J-pop band. The story follows a family confined to the rules and regulations of society, looking for any way to escape their conformist ways. I played the role of Liam, a rebellious schoolboy. I attended a day's filming in Bournemouth and had a brilliant time.'

We can't wait to see the finished video and watch Jack on the screen. Well done to Jack for this great achievement!

RAMM Roman Coin Hoard

On Wednesday 22nd February the Royal Albert Memorial Museum (RAMM) visited the College to run a Roman Roadshow workshop for all year 7 students. The Museum in Exeter acquired the Seaton Down Hoard, a collection of over 22,000 Roman coins found within the College's catchment area, after their discovery in 2013. Sidmouth College was a supporting stakeholder of this acquisition and have developed a working partnership to celebrate the return of this historic find to Devon.

During the day students took part in a round robin of activities including a mock archaeological dig, using metal detectors and specialist equipment. They also examined artefacts from the Roman era as well as studying coins from the hoard itself, made their own Roman coins using stamps and took part in a storytelling session with a Roman re-enactor.

Tree Planting

On Friday 24th February 15 year 7 & 8 students worked with members of the Sidmouth Rotary Club to plant trees around the College and the Sports Hall.

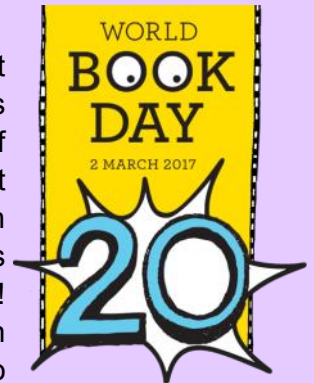

Last year students worked with the Rotary club to plant new hedging along the footpath on Salcombe Hill, which is now working well to preserve the environment along the South West coast path.

The students loved the opportunity to get muddy and plant a legacy. They planted almost 300 trees in just a day at various sites around the College and all said they can't wait to see them grow. They really did enjoy this activity and we hope to continue to be involved in similar projects with this partnership in the future in and around Sidmouth.

World Book Day

On Thursday 2nd March it was World Book Day and as always certain staff members went to great efforts to impress with costumes of characters from their favourite books! Of course, the English department dressed to impress with characters, from witches and wizards, to knights and skeletons. As well as this, teachers also displayed their favourite books and books they are currently reading on their doors and shared some of these with their classes.

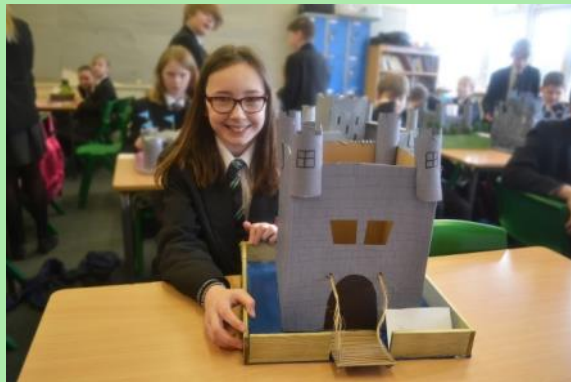

Spring Concert

Mr Hickman hosted a concert last week to mark the end of the spring term, giving students from all year groups the opportunity to show off their musical talents in front of an audience of family and friends. We saw students singing, rapping, playing guitar, piano, saxophone, drums, individually and in group pieces. All donations received at the end of the evening will go towards purchasing strings for over 50 guitars in the music department.

Castles

Year 7 Students took part in the annual castle building competition as part of their History topic. This term students have studied Medieval castles and looked at the components of a well designed castle including draw-bridges, towers, turrets, moats and keeps. Students were then challenged for their homework to build their own castles, displaying all of these features. Entries were creative and packed with variety, being constructed from wood, cardboard and even cake! In House groups students marked each others castles and voted for the top 3 in each class. Mr Trengove said "every year im amazed at the fantastic efforts students put into building their castles and this year was no different. Students were particularly creative this year and also historically accurate"

Fairtrade Workshop

This term students have learnt about Fairtrade farming and food during their Personal Development sessions. In support of this students had the chance to meet Isaac, a cocoa farmer from Ghana who came to the College to talk to students about Fairtrade farming and the importance of sustaining it. Of course it wouldn't have been a complete without a few tasting tests of the chocolate, which students were all very happy to oblige with.

It was a great opportunity and students were fascinated to hear about Isaac's experiences and stories of being a cocoa farmer.

Ten Tors

On the weekend of the 18th and 19th of March, 26 students and 9 staff and volunteers completed the first training camp on Dartmoor. Up until now students have only taken part in day walks, but have been preparing for camping by carrying all their equipment including tents, sleeping bags and cooking tools in their backpacks. The weather on Saturday could not have been worse with fog, rain and high winds all day. Students did very well to navigate the routes, survive the elements and camp overnight. Sunday did bring better weather and the weekend camp

was successful. Our next and final training camp is on the weekend of the 22nd and the 23rd of April. Students should look for the information notices in the student bulletin and notice board. Well done to the students, it really was a tough weekend and students did amazingly.

Duke of Edinburgh

Congratulations to Year 11 student Izzy Wright for being the first in her year group to achieve the Bronze Duke of Edinburgh Award this year. Izzy was presented with her Bronze certificate in Assembly during the first week of term. Well done Izzy!

Science Live!

On Friday 3rd March the Science department took over 40 students to Science Live in Bristol. During the trip students listened to experts including Professor Robert Winston and Professor Alice Roberts who discussed a variety of interesting topics.

STEM Workshop (report by Mrs Young, Careers Coordinator)

Year 10 students had the opportunity to attend the 'Inspire into STEM' event held at Flybe's training academy in Exeter this term. The event was introduced by the National Careers Service, students then met Johnathan Bell of Flybe, who described the range of current and future opportunities in Aeronautical engineering. Students examined some parts of planes with defects and considered the implications of these faults. The Education Business Partnership told students about the range of jobs in STEM (Science, Technology, Engineering and Maths) areas and how important they were, as well as developments and opportunities for the future.

Students also took part in four interactive activities with employers. Firstly with MB Engineering, looking at engineering and robotics, then with EDF, looking at the energy company and how they generate, supply and bill for energy. They also met with The Met Office and South West Water who had three activities for students, looking at and creating pipes for a pump, looking at a map and identifying how to regulate flow and look for leaks (maths problems) and then we looked at the environmental factors and looked at a model with contamination before and after rainfall.

The students enjoyed the event and some found it had helped them to think about what routes to take both post 16 & post 18 and the opportunities available.

GCSE Food Tech

In GCSE Food Preparation and Nutrition this week year 10 students have been carrying out an investigation into the acceptability of alternative protein foods. Student worked in groups to make a range of Bolognese sauces using Quorn, soya, beef and lentils. They carried out sensory analysis of these to determine which they preferred. To their surprise meat wasn't the favourite! Quorn came top but lentils were also popular - even if it didn't look like traditional Bolognese - being blindfolded they couldn't tell)

Star Baker of the Week

This term Mrs Kirsch has started a new competition for students in Food Technology. Each lesson she has chosen students who deserve the coveted title of 'Star Baker'. These are students who have produced the most impressive and tasty dishes that week and presented them beautifully as well. Winners will continue to be announced on the College facebook page, along with pictures of their outstanding dishes, so keep an eye out for Star Bakers in the Summer term. Some of this week's Star Bakers were: James Goodwin (Pictured top right), Millie Prowse (Pictured bottom right) and Thomas Rowan and Naomi Osborne (Pictured bottom left).

Star Baker

Students vote for next Head of House

On Friday 17th March students in years 7-10 voted for their future Student Heads of House, who will represent them from September 2017 to July 2018. The process began at the start of term when students in year 10 had the opportunity to apply for one of the HOH positions, a shortlist was then made and those candidates created their own campaigns and presented in assemblies to try to win votes from members of their House.

The day finally arrived and candidates waited nervously whilst the voting took place. Each House voted in their own way, Grenville House set up a polling station to replicate the real voting process, as many young people are unfamiliar with this when they go to vote for the first time. The votes will now be collated and counted and the successful Heads and Deputy Heads will be announced after Easter.

Sidmouth Lions Club Legacy Pledge Project

Late last year, the Lions Club agreed a proposed Legacy Project to mark its milestone achievement of 40 years of community service. The Project, entitled 'The Sidmouth College Annual Pledge' has now been formally unveiled to coincide with the 100th anniversary of the formation of Lions Clubs International, the largest service club organisation in the world. As part of the celebrations, Lions Clubs globally have been challenged to establish a Centennial Legacy Project and, as Lions have always been keen to support projects involving young people, what could be more appropriate than a special Legacy Pledge in support of worthy students at Sidmouth College.

Accordingly, Lions President, Alan Shoesmith, has been discussing the basis of the inaugural pledge with James Ingham-Hill, the Sidmouth College Principal, and it has now been agreed that in 2017, the Club will pledge £1,074 to fund an adventure/leadership enrichment opportunity at Haven Banks Outdoor Education Centre in Exeter's historic canal and quayside. Consequently, 50 of Sidmouth College's Year 9 students, selected on the basis of sustained effort, will be transported by coach to the Haven Banks Centre on 16th May 2017.

On presenting this year's Legacy Pledge cheque to the Principal, Lions President Alan commented:

"We believe that this Legacy Project will prove to be of substantial benefit to college students at an important stage of their education. Subject to the Lions Club's continued fundraising success, there will now be an annual award funding similar events to inspire students to succeed for many years to come."

After receiving the cheque, College Principal, James Ingham-Hill said:

"As a College we are delighted and honoured to have the chance to work alongside the Lions Club to create the legacy project. Over the next few years, this partnership will ensure that hundreds of Sidmouth College students are given the opportunity to take part in an exciting enrichment opportunity. The concept of the Sidmouth College Annual Pledge is to challenge students to consistently perform above expectations throughout Year 9. It will link directly into the College's existing praise and reward structure".

Powderham Castle Music Room

The Sidmouth College Music department were grateful to be given the opportunity to visit the Music Room again on Friday 24th February. Mr Hickman accompanied a group of Year 9 and Year 10 Music students to see a selection of Opera highlights. The presentation by the singers was very entertaining and enjoyable. One student said "I wouldn't normally listen to Opera, but they made it interesting". Once again, young people were exposed to a type of Music performed to a high standard in beautiful surroundings, which they wouldn't have access to everyday.

Initially the students were sceptical about attending a performance of Opera. Throughout the performance and presentation, there were smiles all round at the more humorous pieces, and a respectful appreciation of the more traditional Opera pieces.

On the journey home, students were asking about how the voice develops – as some of the female vocalists mentioned that they had waited for their voices to mature before attempting Opera. The visit was fun and generated some excellent enquiries and educational value for the Sidmouth College Students.

Site Closure

The College site will be closed on Wednesday 5th April due to road work repairs taking place on the driveway into the College. There will be no access into the College on this day.

SIDMOUTH SEA FEST

Saturday May 13th 2017

Coastal Community Celebration

10am to 5pm **Free Entry**

The Ham, Port Royal, Sidmouth, Devon, EX10 8BG

Sea Fest Variety Night

featuring live music

"Working the Sea" - Sidmouth's Fishing and Coastal Heritage 8 "Creativity on the Coast"

Also featuring live music and jugglers play

Sea Fest Ham Marquee

Doors open 6.30pm for 7.00pm start to 11pm

Tickets £10 or under 16's £7 Available from

Sidmouth Trawlers, Paragon Books, Every's Solicitors,
Shop at the Ham, 38 High Street, 104 High Street,
Sidmouth Sidmouth Sidmouth

Sidmouth Sea Fest 10am till 5pm- FREE

Creativity on the Coast workshop - Fish Kitchen demonstrations, Sea Fest Cake Off Competition, Raffle, Fish Sticker Hunt, Face Painting, Guitars on the Ham, Sidmouth Steppers, Sea Fest Community Choir, Storytelling, Sidmouth Primary School Choir

including local groups:

Sidmouth In Bloom, Sailing Club, Gig Club, Jurassic Paddle Sports, Surf Life Saving Club and more...

Food and Drink (day & eve)

The Prawn Cocktail Bar, Fish Baps, Cakes, Landey Girls Coffee Co., Flaming Good Pizza Co, Jurassic Coast Seafood, Feniton Foods, Spice & Rice (eve)

Sea Fest Variety Night (ticket holders only)

"Working the Sea" - a film about Sidmouth's Fishing and Coastal Heritage (40 mins) by award winning Butterfly Effect Films, funded by the Keith Owen Fund SVA and East Devon AONB

"Creativity on the Coast" a short film by Sidmouth Coastal Community Hub funded by Babcock Devon Education Fund "Jack Rattenbury of Beer" - a play for rascals and rogues by Sid Vale Productions. Sidmouth Sea Fest Community Choir and live music from CaveMouth.

Ham Marquee doors open 6.30pm, show starts 7.00pm

A Sidmouth Coastal Community Hub Production

Change in School Dinner Prices

The price of food and drinks offered in our restaurant has remained unchanged since our caterers, Aspens, took over the provision in 2013. We have now agreed that they may make a small price increase at the beginning of the new term. The cost of a two course lunch will increase from £2.20 to £2.30 and some other prices will see up to a 5% increase.

Could we also ask that parents check account balances over the Easter break and make sure that they are not in debit.
