Withdrawal

Any governor or associate member employed to work at the school, other than the Principal, **must** withdraw from the meeting for discussions and decisions concerning the pay or performance of anyone employed at the school. The Principal must withdraw if his or her pay or performance is being discussed. Any governor or associate member must withdraw where there may be a conflict of interests with items declared on the 'Register of Business Interests' form. The clerk must withdraw if his or her pay or performance is being discussed.

Matters of Urgency

These may be dealt with by the chair of the board, chair of the committee and Principal and reported to the next meeting of the committee or full governing board.

Delegation

The board may use its powers to delegate functions and decisions to committees or individual governors and trustees. It is the overall board, however, that in all cases remains accountable in law and to Ofsted for the exercise of its functions. (Governance Handbook.)

The governing board responsibilities for finance and resources including staff.

The board has responsibility for 'Overseeing the financial performance of the school and making sure its money is well spent' (Governance Handbook). They should do this by making sure they have at least one governor/trustee with specific skills and experience of financial matters, and by asking questions such as:

- Are we allocating our resources in line with our strategic priorities?
- Are we making full use of all our assets and efficient use of all our financial resources?
- Are other schools buying things cheaper or getting better results with less spending per pupil?
- How can we get better value for money from our budget?
- Do we have the right staff and the right development and reward arrangements?
- What is the school's approach to implementation of pay reform and performance related pay? If appropriate, is it compliant with the most up to date version of the School Teachers' Pay and Conditions Document?

Many governors may not be familiar with looking at and understanding data. There is a large volume of data available. It is essential that every board have at least one governor/trustee with the skills to understand and interpret the full detail of the financial data available. These individuals should make sure that the wider board has an accurate understanding of the school's finances. They should identify from the data the issues that most need to be discussed. Other governors and trustees should learn from them and undertake any available training opportunities to improve their confidence and skills in looking at data.

The board recognises that it is accountable for the way in which resources are used and it is committed to carrying out this responsibility honestly, transparently and with integrity. The committee has delegated responsibility from the governing board to fulfil the responsibilities of the governing board as specifically itemised below. The committee will operate in accordance with the provisions of the Schools Financial Value Standard (SFVS) and/or Academies Financial Handbook to maintain effective arrangements for the efficient deployment of school resources.

Best Value

The board will ensure the principles of Best Value are followed when making decisions. The principles of best value are:

- Challenge – why, how and by whom an activity is carried out;
- Compare – performance against other schools and between parts of each school;
- Consult – involving stakeholders, especially pupils and parents;
- Compete – as a means of securing efficient and effective services.

Levels of Delegation - Decision or Recommendation

D = **decision** to be taken by the committee and reported to the full governing board in the minutes.

R = the committee to make a **recommendation** to the full governing board, who will make the decision.

Note from The Governance Consultancy Team: The level of delegated decision making given to a committee needs to be agreed by the full governing board. Full delegation (within legal requirements) is suggested within these terms of reference, but you may wish to set different levels with the committee making more recommendations and fewer decisions. Whatever you decide, make sure there is no duplication between the work of the committee and the full governing board. All delegated decisions must be reported to the full governing board through the minutes from the committee.

Governors / Trustees and Associate Members serving on the Resources Committee will undertake appropriate training in order to fully understand their role including, where possible and appropriate, joining relevant staff training to keep updated.
